AFFIDAVIT

I, Valdez Jordan being first duly sworn upon my oath depose and state that the following matters are both true and correct made upon personal knowledge and belief, and if called as a witness, I am competent to testify thereto: That between the months of Demember of 1997 and January of 1998, I was driving my car a 1979 Cadillac Coupe de ville, I had pulled on to the Ace Hardware store in Alton, Illinois, and a Illinois State Police pulled up behind me. The officer got out of his car approached the driver's side of my car and asked me why I was swerving when I was driving behind him. My response to the officer was, that I had dropped something and that I was trying to pick it up.

The Officer told me that I was not in any trouble but he had ran my plates in to see if I had any warrants. The Officer told me that my name had come back clean but that he wanted me to sit tight because a Detective Wells from the Illinois Madison County Sheriff Department heard my name over the dispatch radio and that the detective wanted to speak to me. I was reluctant to stay but the officer pleaded with me to stay and wait for Detective Wells to show so I did.

When the detective showed he asked to speak to me in private. The detective and I went to his car, Detective Wells then asked me "You and Pookie were real close friends weren't you." The detective was speaking about Nekemar Pearson. My response to the detective's question was Yes. The detective asked me " Do you know who killed Nekemar?" My response was No. The detective asked me again in a laughing manner "Come on you know who killed Pookie?" My response was that I didnt know. The detective than told me that Raven

killed Nekemar. The detective was speaking about James Evans. Detective Wells offered me this information.

The detective then asked me "are you part of the Insane Crips?" My response to that was that you already know the answer to that.

Detective Wells stated to me " That Raven was selling drugs on the Crips turf Uptown, that he had killed Nekemar, that If it somebody killed my friend I wouldn't let him get away with it and I would be pissed off. The detective was suggesting that I physically threaten or cause great harm to James Evans. The detective indicated that it would be beneficial for me and some of my homeboys If James Evans could be taken out. I did not know if detective Wells was trying to set me up or not, so my response to the detective was that I was fresh out of prison, and that I was not trying to go back or get in any trouble. The detective then asked me if I had any information regarding the death of Nekemar? My response was No. The detective gave me his card and told me to call him if I came across any information.

That sometime in late July or early August of 1998, I was in the Madison County jail. One of the Officers of the county jail came to the cell block I was in and told me that I had an attorney visit. When I got to the front of the jail it was not my attorney. it was detective Wells who wanted to talk with me. The detective took me into a front room inside the jail. The detective then stated that he had came across some information. The detective stated to me that somebody told him that back in 1995 Nekemar and Marcus had some stolen car stereo equipment that had been stolen from Raven and that I had help them move it in my car. I told the detective that, that information wasn't true. The detective then asked me what my bond was? I told the detective \$5,000.00. The detective then told me that he was going to talk to the prosecutor to see if he could get my bond reduced. I told the detective that I did not want him to do that because I did not do any thing for him and that I know that don't nothing come for free. At this time my at-

torney showed up and the meeting with the detective was terminated. Apon leaving the room the detective told me that he would still see what he could about getting my bond reduced, I told the detective that I was cool he don't have to do that.

That on October 25th of 1999, I was in the Madison County Jail. I was in the cell block when an officer of the county jail came to the cell block and told me that I had an attorney visit. When I got to the front of the jail it was Detective Wells that wanted to talk with me not my attorney. Detective Wells asked me if I remembered the last conversation we had the last time I was locked at the county? My response was yes I remember. The detective asked me if I would testify in the trial of James Evans and say that Nekemar and Marcus had asked to help them delivered some stereo equipement from one location to another and that the stereo equipement had belongged to Javes Evans. My response to Detective Wells was that, that information wasn't true, and that I was fighting a murder case myself and that I was not about to testify against no one. Detective Wells Stated to me that he was not there to talk about the murder case I was charged with, he just wanted to talk about the case against James Evans. Detective Wells stated that he was trying to establish a chain of events which lead to the murder of Nekemar, and that if I was to testify a certain way confirming certain events that took place, that it would help to get the conviction of James Evans. I stated to Detective Wells that these certain events that he was referring to never took place and that I was not going to testify against no one. Detective Wells stated that it could be beneficial for me to testify that these events did occur. I stated to Detective Wells that I did not think so and I got up to leave the holding booth. As I was leaving the the booth Detective Wells stated that I would regrete not cooperating. I laughed as I walked out back to the cell block. When I got back to the cell block Detective Wells then called Demond Spruill out for an attorney visit and this is when Demond Spruill gave false statements claiming that I confessed to him.

AFFIDAVIT

I, Chester O'Quinn do hereby declare and affirm that the following information within this affidavit is true and correct in substance and in facts:

while I was in Madison County Jail in Edwardsville, Illinois. I was Placed in the Locked-down Block in the year 1999. While in the locked-down Block another detainee name, Larry Greer, came in the Block bragging and boasting about how the state was going to pay him to tell lies and untruths against James Evans and Jeffrey Ewing at their up and coming trials. Larry Greer went on to say that he knew nothing about James Evans or Jeffrey Ewing, but the state filled him in. He went on to say that he would not testify against Jeffrey Ewing, because he met him and he liked him... But Larry Greer, said that he would testify against James Evans, because the state said he (Mr. Evans) did something to his friend. Mr. Greer, said that he didn't like Mr. Evans for that reason and he would say whatever the state asked him to - to get Mr. Evans convicted.

Pursuant to 28 USC 1746, 18 USC 1621 or 735 ILCS 5/1-109, I declare, under penalty of perjury, that everything contained herein is true and accurate to the best of my knowledge and belief. I do declare and affirm that the matter at hand is not taken either frivolously or maliciously and that I believe the foregoing matter is taken in good faith.
